

VICTORY BY JULY PREDICTION MADE BY SENATOR LEWIS

BIRMINGHAM, Ala., April 22.—Germany will yield to the terms of the United States in July, Senator James Hamilton Lewis, of Illinois, told an audience here last night at the closing meeting of the Alabama Liberty loan committee.

By June, he said, the United States will have 1,000,000 men in France fit for service, while the ships now being built will double the tonnage. Russia will again be aroused, he predicted, and wrest from Germany the Russian territory she has taken.

Save food or go on short rations.
D. C. Food Administrator.

Alkali In Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff, and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, and easy to manage.

You can get mulsified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

LAST GAME FIGHT OF FOE ACE WINS BRITISH TRIBUTE

WITH THE BRITISH ARMIES IN FRANCE, April 22.—A British lieutenant crawled through the barrage the Germans purposely laid down around Baron von Richthofen's wrecked machine, then crawled back with the famous airman's body. Richthofen was buried last evening with full honors.

Richthofen appeared at a height of about 8,000 feet over the British lines, somewhat detached from his famous "circus."

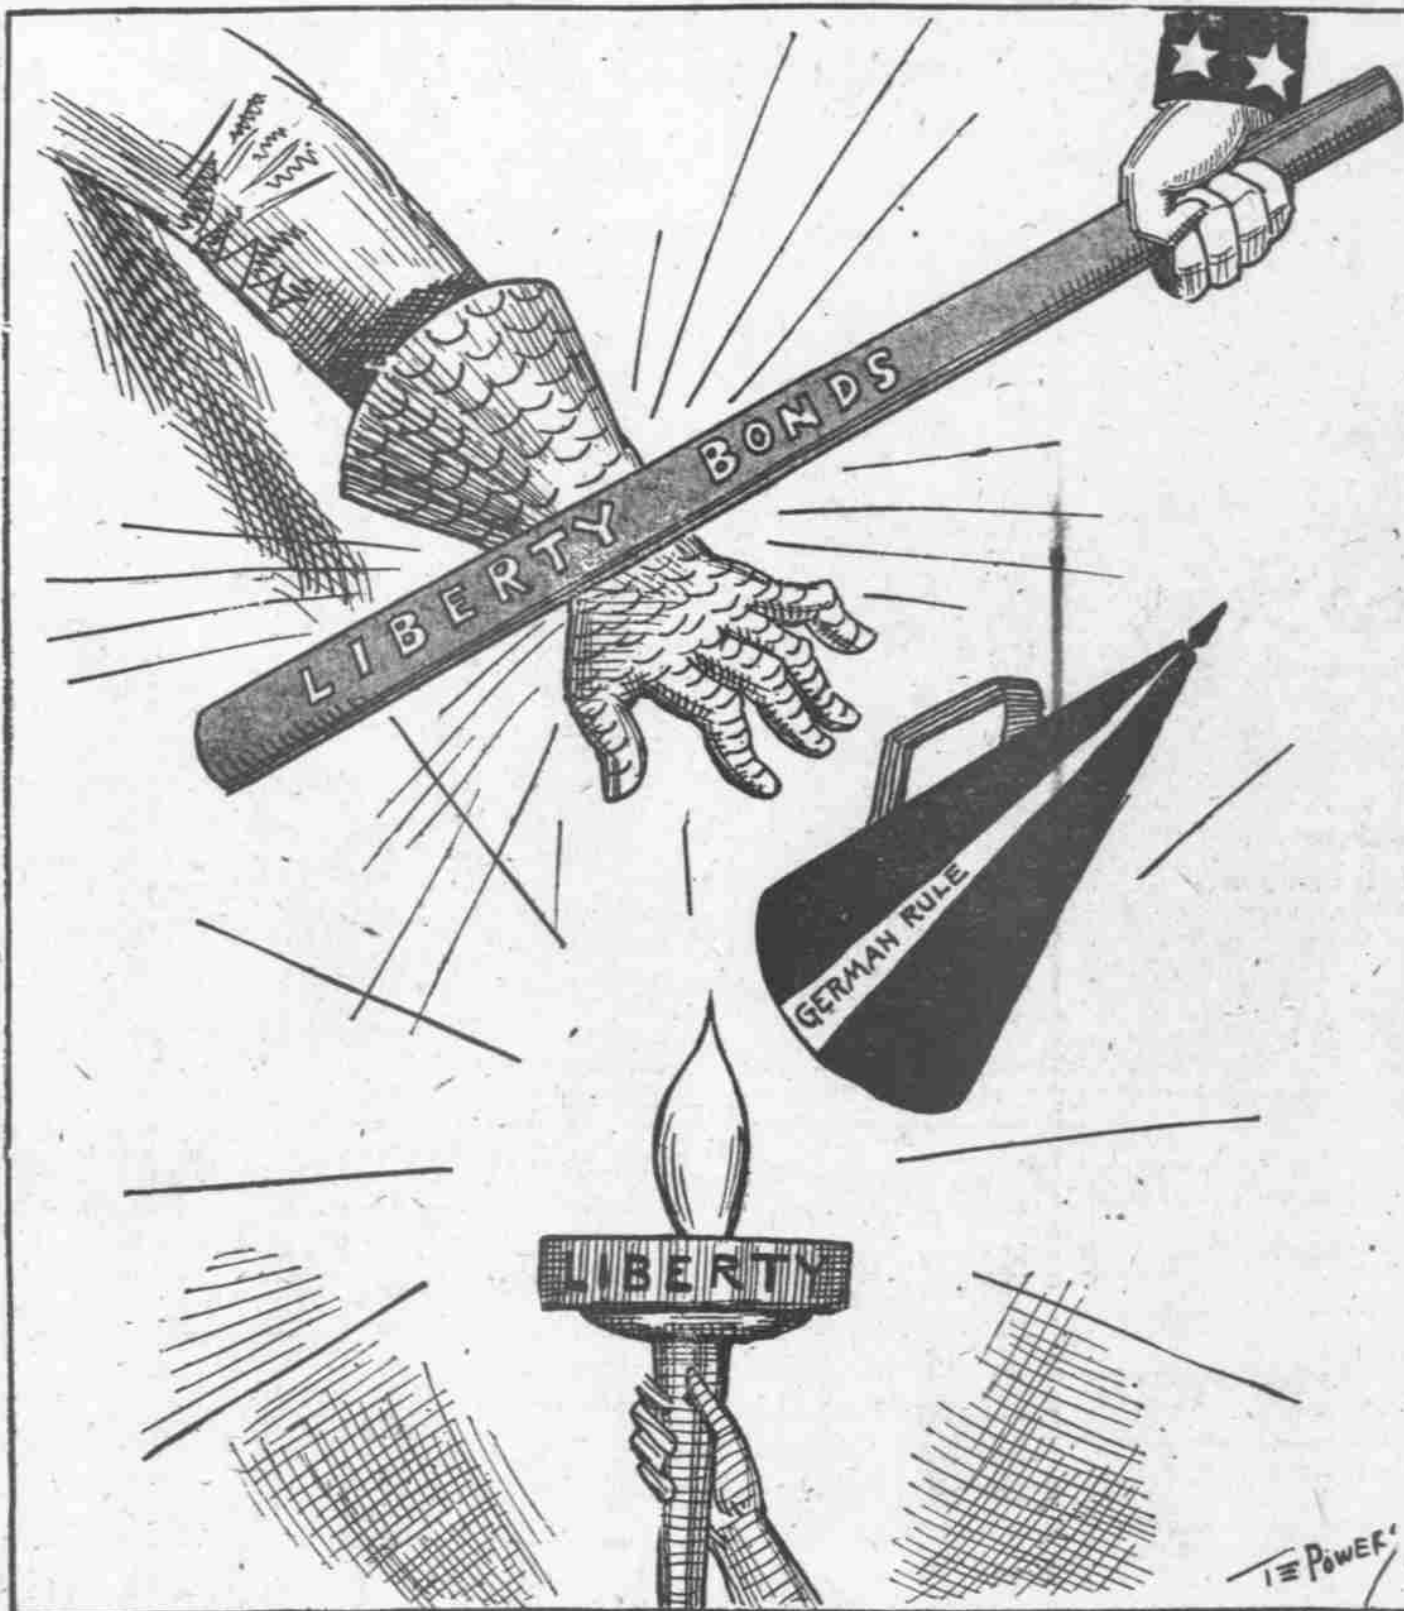

A fast British machine took on Richthofen in a titanic battle, lasting seven or eight minutes, both tumbling about in the sky in an amazing exhibition of skill, apparently falling heading a thousand feet at a time to get a favorable position.

Richthofen "flattened out" about 500 feet over the British line. Rifles and machine guns blazed away from the ground. The Baron's machine crashed to earth.

The Germans immediately put down a barrage around the plane, continuing it all afternoon. The British lieutenant, who crawled through the barrage, found the body sitting upright in the machine, a bullet through the heart.

**JURY HOLDS DEATH
DUE TO CARELESSNESS**
That William Harris Yoe, Jr., twenty-seven years old, of Anacostia, who died at Casualty Hospital from injuries he received in a fall while attempting to board a street car, was due to his own carelessness, was the verdict of a jury of inquest summoned at the morgue by Coroner Nevitt. On Saturday, Yoe is said to have tried to board a moving car at Nichols avenue and Good Hope road, and fell, sustaining a fractured skull.

Take That!

ARLINGTON TRACK IS FAST FIRST DAY OF BIG HORSE SHOW

On the new half-mile track at the Virginia end of the Highway bridge, which trainers have pronounced one of the fastest they have ever seen, the National Capital Horse Show Association will open its biggest annual meeting this afternoon at 2 o'clock.

Arlington Park is easy of access to the throngs that will gather for the initial afternoon's show and racing events. By automobile it is reached on Fourteenth street and roads leading through Potomac Park and terminating at the Highway bridge. For those who go in street cars, a special service has been inaugurated, cars starting at frequent intervals from Twelfth street and Pennsylvania avenue northwest. Any cars marked Arlington, Alexandria, or Mt. Vernon will carry passengers to the grounds. Automobiles will be parked inside the grounds.

Calamity threatened the new course last night when a rise in the river caused the partial flooding of the backstretch. At once a large corps of workers was assembled, the wet spot entirely dug up, and the hole refilled with ash and dirt. In today's bright sun, the track is rapidly becoming as smooth and springy as the directors of the show could wish.

After the termination of various opening events this afternoon there will be three races, the going sound for the first at 5 o'clock. Two will be on the fast one for three-year-olds and upward at five furlongs, and another for two-year-olds at three and one-half furlongs. The last will be a two-mile steeplechase for the Hoge Willard Cup.

20,000 CIVILIAN JOBS OPEN IN WAR SERVICE

Twenty thousand or more additional civilian workers will be needed by the War and Navy Departments in Washington before the end of the fiscal year, according to an estimate submitted to the Civil Service Commission.

Engineers, chemists, draftsmen, mechanical engineers, metallurgists, and those qualified as ordnance and munition inspectors are badly needed. Civil service examinations to fill all vacancies will be held in Washington and throughout the country in the next few weeks.

WANT WAR GARDENS.
A proposal to plant war gardens around munitions factories has been laid before the War Department. Letters from many factory hands say that the Government ought to permit the use of spare ground for this purpose.

NOTED CAST WILL GIVE RED CROSS PLAY 'OUT THERE'

George Cohan, Mrs. Fluke, and James K. Hackett, supported by George Arliss, Laurette Taylor, Chauncey Olcott, Viola Allen, Arnold Daly, Grace George, and George McFarland, form the remarkable cast gathered by the American Red Cross for a three weeks' tour, presenting "Out There," J. Hartley Manners' tragedy-comedy of the great war, in support of the Red Cross drive. The first performance will be given in Washington at the National Theater on May 12.

The proceeds of the tour go to the Red Cross. Each of the celebrities will contribute his services and will pay his personal expenses on the tour.

The dollars for the orchestra seats and for the cheapest seats will be the charge. At each performance Burr McIntosh will auction off one of the elaborate souvenir programs signed by each member of the company.

FEET AREN'T ACHING OR TIRED NOW—"TIZ"

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, swollen, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps the feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tenderness, sore, tired, aching feet. It instantly stops the pain in corns, callouses, and bunions. It's simply glorious. Ah, how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think, a whole year's foot comfort for only 25 cents!

ECLIPSE OF SUN WILL BE VISIBLE HERE ON JUNE 8

It will grow dark twice in one day on June 8 in parts of the United States.

On that day, in a broad band from Seattle, Wash., to Jacksonville, Fla., before sunset a gigantic shadow will literally wipe the sun out of the sky for an instant.

The total eclipse of the sun in June will cover the greatest path in the United States since 1865, and will present the greatest opportunity for observation of any eclipse the country has ever seen. Besides its popular interest the time of an eclipse is of deep scientific value. Because of the intense light from the sun, certain of its outer layers can only be studied at the time when the disc of the moon hides all but the outer layers of the sun.

Will Swing Southeast.
The full shadow cast by the moon coming between the earth and the sun will strike the United States at the mouth of the Columbia river, in the State of Washington. Thence it will swing southeast across the United States in a gigantic curve through Colorado, Oklahoma, Mississippi, and Florida, to leave the country just south of Jacksonville at 7:42 Eastern time, to leave the earth from a point 400 miles out at sea. It will cross the country at a speed of thirty-three miles a minute, making the trip across the United States from Seattle, Wash., to Jacksonville, Fla., in forty-seven minutes.

Places outside the zone of the full shadow will see only a partial eclipse. Washington will see a 74 per cent eclipse; New York 68 per cent, and San Francisco 78 per cent.

Difficult to Secure.
Because of the war optical instruments are hard or impossible to secure, and the scientists, determined to make the most of the eclipse, are having a hard time on this score. For months, too, they have been carefully searching the path of the full shadow to find the best places for observation. Weather reports for years have been studied, to secure a place least liable to interference from clouds.

Irrelevantly, two queries occur to us: Will the chickens go to roost, and how will the Southern negroes take it?

Long Range Gun Has Killed 118, Wounded 230

PARIS, April 22.—The long-range bombardment of Paris is again in progress.

Analysis of the bombardment shows that shells have fallen on seventeen days since March 22, and that, with the figures for two days missing, 118 persons were killed and 230 injured.

Paris was shelled by nine German batteries from January 5 to January 27, 1871, during which period 105 Parisians were killed and 269 injured.

MRS. CASTLE GIVES LOAN CAMPAIGN BOOST AT KEITH'S

Hundreds of Washingtonians today know a different Irene Castle from the willowy dancing and screen star who so often has delighted them on the stage and in the movies. They know an earnest pleader in the cause of the third Liberty loan and a woman whose patriotic determination has been deepened and made more powerful by the tragedy of her aviator husband, Vernon Castle's death.

It was the new Mrs. Castle that appeared yesterday at the matinee at H. F. Keith's Theater and urged subscriptions to the loan. She was discovered by her friend, Elizabeth Brice, standing in an entrance way during the loan pledging. When in response to a plea by Miss Brice, she went out before the audience, she received a great ovation. And a few words, coupled with her sympathetic manner, elicited a heavy response in bond buying, among the large subscriptions being that of Clarence Norment, president National Bank of Washington, \$5,000; Hugh R. Kelly, \$5,000; C. A. Kram, \$2,500; Thomas A. Green, \$500; Sheppard Haynes Bellisville, \$500; and Miss Brice, \$50.

Evening subscribers included Sarah N. Bennett, \$3,000; F. C. Lewin, \$1,000; A. G. Wenzel, \$1,000; Frank Hogan, \$1,000; S. Sidney Forst \$500; Mrs. S. Smith, \$500; Hugh R. Kelly, \$500; Taylor, \$500; George I. White, \$500; J. K. Jones, \$500; F. H. Walker, \$500; Joseph Straubinger, \$1,000; Sidney Tiber, \$1,000; A. Richards, \$1,000; Ogden White, \$1,000; F. K. Wong, a Chinese student, \$50; G. H. Hodgkin, son, Boston, \$100; Mrs. Heguey, \$50, in memory of a son killed in action, and P. Hatenbury, a Hollander, of Clintonville Wis., who said he has already bought \$20,000 worth. The grand total to date is \$1,234,500.

TWO MORE ON CYCLOPS.
Two men whose names were not given in the original list were passengers on the missing roller, Cyclops, the Navy department has reported. They are Chas. C. Staley, gunner, 1367 Sunnyside avenue, Chicago, and John M. Grot, carpenter, 509 North Poplar street, Grand Island, Neb.

\$1,444,440 DAILY NEEDED TO WIN D. C. HONOR FLAG

"Washingtonians, awake. Go over the top for \$12,800,000 by Friday and let your great city show the honor flag in her Liberty Day parade."

This was the appeal which came this morning from local Liberty loan headquarters. And to make it possible for the banner denoting that Washington's minimum quota has been attained to float at the head of Friday's Liberty loan procession, subscriptions must come in at the rate of \$1,444,440 a day up to Friday noon. The minimum is \$12,800,000.

The committee announced this morning that the total stands at \$7,744,450, counting yesterday's pledges of \$909,400. The full number of subscribers is 28,314, an addition of 2,428 to the figure previously announced.

"It can be done, but it will be a hard fight," said a committee member, dismissing the chances of equalling the minimum by Friday.

Loan rallies are being held in the city practically every hour today. Among the meetings scheduled are those at the Cathedral School for Girls, King's Palace, equipment division, signal corps; Panama Canal office, departmental auditors' building, Lansburgh & Bro. and Deanwood Heights, Cathedral Heights and Cleveland Park Citizens' associations.

ADVERTISEMENT No Rest For That Aching Back

Housework is too hard for women who are half sick, nervous and all ways tired. But it keeps piling up, and gives weak kidneys no time to recover. If your back is lame and aches and your kidneys irregular, if you have "blue spots," sick headaches, nervousness, dizziness, and rheumatic pains, use Doan's Kidney Pills. They have done wonders for thousands of women worn out with weak kidneys.

A Washington Woman's Experience
Mrs. Louis C. Chesnut, 603 E street southeast, says: "Both I and another of the family have used Doan's Kidney Pills with excellent results. At times, when I have pains in the small of my back, brought on by a cold, it makes me miserable all over. Mornings I feel all tired out and can scarcely get about to do my housework. Doan's Kidney Pills, which I get at Thieff's Drug Store at these times, fix me up all right."

QUALITY PLUS ECONOMY
IN ARMY AND NAVY EQUIPMENT
We say quality first, because in these days it's economy to buy army and navy equipment from a store which is a link in a chain of stores in all of the leading Eastern cities. We have at our command a tremendous buying power which enables us to contract and purchase entire factory outputs. Through this way we save thousands of dollars a year, which we in turn give to you in our extremely low prices on military goods.

For Army and Navy Officers and Enlisted Men.
Another big feature of our store besides quality and economy is service. Our clerks are always courteous, prompt, and efficient in every matter of your purchase. Inspect our stock TODAY, and learn of the real values we are offering to Washington military men.
